

INSTRUCTIONS FOR AUTHORS

Asian Journal of Engineering and Technology Innovation (AJETI) is an international peer-reviewed, open access journal that publishes original contributions, reviews, articles in the field of engineering and technology. Contributions are welcomed from all qualified sources, including students. We charge a nominal fee for publishing the articles.

Types of articles which are accepted are:

Original Research

The above section comprises various research parallels that are based upon original ideas in the described fields of engineering science and technology. The conclusion must be appropriately based upon the results of the research idea that must be thoroughly checked for its uniqueness.

Parts in original research article:

- Abstract
- Introduction
- Methods and process
- results
- Discussion

Case reports

Case reports are wholesome reports depicting all the parallels of the different media of research. Case reports should include relevant positive and negative findings from history, examination, and investigation. The author must keep in mind the up to date technological reviews that are depicted in the case reports. These articles should be no more than 5,000 words.

Parts of review article:

- Abstract
- Introduction
- Case Presentation
- Discussion
- Conclusion

Reviews

Offer a detailed survey and developing method of a specific subject of research in engineering, science and technology. It ought to embrace important assessment of the works cited, explanations of conflicts within the literature, and analysis of the sector. The conclusion should offer stress on the restrictions of current and therefore the future constraints that need to be pursued in research keeping in parallel the importance of the subject.

Parts in reviews:

- Abstract
- Introduction
- Scope
- importance
- Review Process (Heading with Sub Heading)
- Conclusions and outlook.

DOMAIN AREA

Manuscript can be submitted with respect to domain of Engineering, Technology some of the domain area listed below

- Computer Engineering -Technology
 - Software Engineering -Technology
 - Electrical Engineering -Technology
 - Electronics Engineering -Technology
 - Telecommunication Engineering -Technology
 - Mechanical Engineering -Technology
 - Chemical Engineering -Technology
 - Mathematics
 - Civil Engineering -Technology
 - Automotive Engineering -Technology
 - Electronic Engineering -Technology
- Articles reflecting diversity, cross-functional nature of Engineering -Technology and emerging concerns are also considered for publication.

Galley Proofs:

Electronic proofs will be sent (e-mail attachment) to the corresponding author as a PDF file. Page proofs are considered to be the final version of the manuscript. With the exception of typographical or minor clerical errors, no changes will be made in the manuscript at the proof stage. Authors will have free electronic access to the full text (in both HTML and PDF) of the article. **Authors can freely download the PDF file from which they can print unlimited copies of their articles.**

Transfer of Copyright Agreement:

Submission of a manuscript implies: that the work described has not been published before (except in the form of an abstract or as part of a published lecture, or thesis) that it is not under consideration for publication elsewhere; that if and when the manuscript is accepted for publication, the authors agree to automatic transfer of the copyright to the publisher. All accepted manuscript must be accompanied by a signed copyright form to progress through to the final stages of production.

Fees and Charges:

For the articles which authors submit for publication in AJPT Journal, would not be charged any publication fees. However authors only upon acceptance of their manuscript are required to pay a \$100 (for international authors outside India) or RS 1550/- (for Indian authors) as processing, handling & evaluation and peer reviewing fee. Payment details and mode of payment will be communicated to the authors by editor-in-chief of the journal as an acceptance letter by email. Publication of an article is not contingent upon the author's ability to pay the charges. Neither is acceptance to pay the handling fee a guarantee that the paper will be accepted for publication. **Authors may still request (in advance) that the editorial office waive some of the handling fee under special circumstances.**
